The University has a beautiful and sprawling campus spread over 33 acres. The campus is well- maintained and has a serene and peaceful environment, which provides an ideal atmosphere for learning.

With a view to making Higher Education accessible to a vast population of a predominant tribal region, this University has been rendering valuable services to a big chunk of marginalized young generation since its establishment. The University strives to extend every possible support to the tribal students to make them self-dependent. The students of BPL category are provided with all the admissible benefits. Special coaching classes are arranged for ST, SC and Minority students, in order to bring the poor to mainstream.

Radha Govind University believes in strategic growth as envisaged in our mission and vision, to impart quality education through vertical and horizontal integration. It strives to become a world class university, with a global perspective. Therefore, the challenge before the University is to remain in the forefront of cutting edge knowledge and to follow the best international practice(s) in academics.

Radha Govind University aspires to make academic issues and commitments as the key concerns of the young generation and thereby, make a significant contribution to the academic developments wherever they are in the world. By the fostering of quality education, research and innovation, the University endeavour to empower youth.

As a multi-disciplinary varsity, we offer career-oriented programmes at all levels, i.e., UG, PG, and Doctoral degrees across diverse streams Medical, Pharmacy, Nursing, Paramedical Sciences, Physiotherapy, Hospital Administration, Education, Physical Education, Management, Engineering, Polytechnic, Law and Agriculture to meet rising aspirations of the youth.

RGU provides a unique environment for students to grow under the guidance of experienced academicians and acquire the creative and technical skills demanded to make them industry ready. Our brilliant faculty and staff form a dedicated team committed to the mission of the University. Being a dynamic, research-oriented University devoted to developing life-saving discoveries to address some of the most pressing global challenges.

Education at RGU is not just about books and classrooms, but also about personality development and honing special skills. We provide an environment conducive to teaching and learning supported by innovative practices.

Being a best private university, we have state-of-the-art laboratories and research facilities, well-planned residential space, and an excellent ecosystem for extra-curricular activities. The campus is wi-fi enabled thus uses advanced technology to impart education. Due to

the availability of these essential building blocks, RGU is in a unique position to support the development of students in such a way that they gain lifelong learning skills and become competent professionals.

Its NCC wings remain engaged in carrying out their responsibilities earnestly. This University has excelled in sports and cultural activities as many of our students have won national and international awards, especially in archery and Football.

The University translates its vision into reality on the path of achieving excellence in engineering, technology and management, based on the fundamentals of 21<sup>st</sup> century education to conform and serve basic human needs, for overall development and inclusive growth.
